# Assessment / Criteri di valutazione

## Examiners assess two elements:

Spoken interaction and spoken production. The criteria are in line with the can do statements of the Common European Framework of Reference for A2 and Oral testing assessment guidelines for KET exams.

### Spoken interaction:

- I can communicate in simple and routine tasks requiring a simple and direct exchange of information on familiar topics and activities.
- I can handle very short social exchanges, even though I can't usually understand enough to keep the conversation going myself.

### Spoken production:

- I can use a series of phrases and sentences to describe in simple terms my family and other people, living conditions, my educational background and my present or most recent job.

### Assessment:
